## Company Opens Investment Firm

Greiner-Maltz, a commercial real estate company with an office in Long Island City, recently announced an expansion with the establishment of Greiner-Maltz Investment Properties, a new firm specializing in all types of commercial investment sales throughout the City and Long Island.

Swain Weiner, who for the past decade has served as vice president of sales at Massey Knakal, has joined the new firm as president and partner of Greiner-Maltz Investment Properties.

The new venture will offer prospective sellers the entire Greiner-Maltz sales staff – more than 20 brokers – each having an understanding of the properties and the ability to assist in the sale of each listing. Combined with the firm's market exposure, Greiner-Maltz expects to offer property owners unprecedented support.

"We feel that the combination of Swain Weiner and Greiner-Maltz will be a force to be reckoned with in the industry," John Maltz, president of Greiner-Maltz and partner of Greiner-Maltz Investment Properties, said. "This synergy can only benefit our sellers with the highest sales prices in the marketplace."

For information on any properties in the New York metro area, call Swain Weiner at (718) 786-5050 or (646) 319-1084, email [sweiner@gmipny.com](mailto:sweiner@gmipny.com) or visit [www.greiner-maltz.com](http://www.greiner-maltz.com).
